Lenses:

Clear/Frosted - Not recommended for this product.

Black - For Dark Light (when off) applications.

Opal - Maximum LED diffusion with a reduction in efficiency.
Series LL2 LED's allow for direct view applications.

Lenses snap into the profile and can be easily changed at any time.

MOD-0001 - Modification for shallow plenum applications. Material shown above dashed line removed. Reduces overall depth by 7mm/0.27".
